ENGINE WARNING:

Rotax 503 UL engine

This aircraft engine does not comply with federal safety regulations for standard aircraft. This engine is for use in experimental and ultra light uncertified aircraft only and only in circumstances in which an engine failure will not compromise safety.

Before installing or operating this engine, read the appropriate, current relevant instructions, manuals and guides.

Read more at Rotax home page at <http://www.rotax-aircraft-engines.com>

HOVERCRAFT WARNING:

MAD hovercraft

MAD hovercraft is manufactured specifically to meet the requirements outlined by the customer and by costumers wishes and order. When MAD hovercraft manufactured to these requirements is started, it could become a dangerous machine, and as such can be subject to extreme conditions that are under the control of the craft operator (pilot and passenger) and not the manufacturer.

Therefore, MAD - Aleš Muha s.p. cannot be held liable for damage, injury or death sustained to any part of the machine, driver or third party. Driving hovercraft is a dangerous motor sport and 100% safety of pilot and passenger and other persons in range at least 15 meters around vehicle when it operates, can not be guaranteed.
